Joint Venture with Sun Communities

Ingenia's Joint Venture with Sun Communities was established in November 2018 as a means to deliver capital light acceleration of land lease development growth through a capital partnership to undertake new greenfield developments. The partnership leverages Ingenia's platform and delivers fees to the Group for services provided.

The partnership was extended in August 2023, for a further 7 years, with expiry in November 2030.

Since commencement the Joint Venture has acquired five greenfield sites, with four communities currently under construction.

Across these communities 550 established homes are now generating rent, and ongoing development activity is generating revenue from home sales and providing fee streams to the Group.

The Joint Venture generated increased sales and revenue in FY26 as it delivered its first stabilised community (Freshwater at Burpengary, QLD).

Key terms of the Joint Venture, which provides each partner with a 50% interest in the development and completed community, include:

- Sun has a right to elect to participate in all greenfield land lease developments identified by the Group with both parties contributing equal capital to acquire and develop assets
- Assets will be held in the Joint Venture for a period of 5 years post stabilisation (i.e. once 95% of homes are settled)
- Ingenia has the right to acquire Sun's interest in a community for the 12 month period following the 5 years of stabilised JV ownership, with Sun having a right of first and last refusal to acquire Ingenia's interest in a community should Ingenia not exercise its right
- Ingenia receives fees for services to the Joint Venture:
 - Development fee – 5% of estate major works
 - Sales fee – 4% of cost of the home (paid on settlement); an additional sales fee of 1% is paid a performance fee is payable
 - Performance fee – tested at asset stabilisation
 - Asset Management fee
 - Property Services fee – payable once each project has reached positive NOI

Ingenia Holiday Parks

Ingenia's holiday parks and mixed use communities provide diverse holiday experiences, with parks along the east coast of Australia, from Cairns in tropical Far North QLD to the seaside town of Torquay in VIC

With a focus on the family and seniors markets, the portfolio includes a range of accommodation, from cabins and glamping tents to caravan and camp sites, located in pristine locations

Revenue is underpinned by high levels of repeat visitation and 'annual' and permanent homes

'Annual' sites and land lease homes are offered at a number of mixed use communities, providing stable rental cashflows

The Group consistently reviews asset composition to maximise returns and to provide, where appropriate, an increase in revenue streams

The Ingenia Holidays portfolio has a value of \$1 billion
