

ASX Announcement

MLG SECURES MAIDEN CONTRACT WITH RIO TINTO

MLG Oz Limited (ASX: MLG) (**MLG or the Company**) is pleased to announce the execution of a contract with Rio Tinto (ASX: RIO) (**RIO**), for the provision of bulk haulage and site services in support of ongoing activities at the Western Turner Syncline Mine in the Pilbara region of Western Australia.

The new contract encompasses the provision of off-road bulk ore haulage services, material loading, rock breaking, unloading, stockpile management and road maintenance services. The execution of this contract signals MLG's first supply agreement with RIO, establishing what the Company hopes will be a positive, long-term relationship.

The contract is a 12-month contract, with revenue expected to be approximately \$20 million.

Managing Director, Murray Leahy, said the contract with RIO is the outcome of MLG building a trusted, and potentially long-term, relationship with RIO.

"RIO has been actively reviewing MLG's approach and performance standards to assess our broader capability to deliver services in the Pilbara region. In particular, they have been focused on the efficiencies that can be gained through MLG's hub and spoke delivery model.

"As a proud WA company, continuing to expand our services beyond our heartland of the WA goldfields, MLG is delighted to have been selected as a supplier to RIO. We warmly acknowledge RIO's commitment to support local businesses and look forward to continuing to evolve and grow our profile in the Pilbara region."

Authorised for release by the Board of Directors.

About MLG Oz Limited

MLG Oz Limited (ASX: MLG) is a Kalgoorlie-based integrated mining services and resource asset management company, founded by Managing Director Murray Leahy. MLG delivers tailored solutions to mining operations, primarily focused on supporting its clients' ore processing facilities across gold, iron ore and other base metals in Western Australia and the Northern Territory.

MLG offers a comprehensive range of services under an integrated business model, often within a single contractual framework. These include Civil & Construction, Crushing & Screening, Bulk Haulage & Site Services, and the supply of Open Pit Mining & Construction Materials from MLG's strategically located regional quarries.

The Company's key capabilities include build, own, and operate models, contract crushing and screening services, as well as crusher feed and material management.

Services extend to include construction, road maintenance, rehabilitation work, vehicle maintenance, and machinery and labour hire. MLG's dedicated facility at the Esperance Port supports its end-to-end bulk commodity export logistics services.
