ABOUT STRANDLINE

Strandline Resources Limited (**ASX: STA**) is an emerging producer of heavy mineral sands with a portfolio of development assets located in Western Australia and within the world’s major zircon and titanium producing corridor in East Africa.

Strandline’s strategy is to develop and operate high margin, expandable mining assets with market differentiation and global relevance in the sector. Strandline’s project portfolio contains high quality assets which offer a range of development options and timelines, geographic diversity and scalability. They include the world-scale Coburn Project in WA and the exciting Tanzanian growth projects including Fungoni and Tajiri.
